

TREATMENT TABLES

SLIMLINE PREP AND TREATMENT TUB/TABLE.

This multi purpose tub/table slopes to a maximum dept of 150 mm at the outlet end. It drains into a standard 50mm diameter outlet. Construction is completely stainless steel. Leg levellers are supplied for all four legs, with a screw down leveller being available as an option.

The legs can be either positioned at the four corners or set back from the shallow end to accommodate a seated technician. Please specify your preference. Standard plumbing fixtures are used, with provision for a mixer, and a separate wash wand.

Plumbing hardware can be supplied as an addition to the standard unit.

Dimensions:-

1550 mm x 600 mm

900mm high.

TWO TIER WASH AND TREATMENT TUB/TABLE

This unit enhances the features of our standard slim line tub by adding a 600 mm deep section to 2/3rds of the total length.

Ideal for washing even the largest dog.
